

OEM Oil Control Valves Attachment 243552G500 24355-2G500 For Hyundai

Our Product Introduction

For more products please visit us on automobile-sparepart.com

Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: 24355-2G500
- Minimum Order Quantity: 10 PCS
- Price: \$4.85 ~ \$5.87
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box , Standard tray
- Delivery Time: 3~30 work days
- Payment Terms: D/P, L/C, T/T
- Supply Ability: 1000 pcs per day

Product Specification

- Valve Type: Oil Control Valve Attachment
- Engine Capacity: 2.0/2.4
- Temperature Range: -20°C To +120°C
- Application: For Hyundai
- Material: Metal + Plastic
- Packaging: According To Customers' Requirements
- Warranty: 24 Months
- OEM: 24355-2G500
- Highlight: OEM Oil Control Valves,
Oil Control Valves Attachment, 243552G500

Product Description

243552G500 24355-2G500 VVT Oil Control Valve for 2011-2014 Hyundai Santa Fe Tucson Optima

Product Description:

The Oil Control Valve (OCV) plays a vital role in the operation of any vehicle's engine. It is a regulator of the flow of oil to various engine components.

The OCV is typically managed by the engine management system and is responsible for properly controlling oil pressure and timing. Therefore, it helps to maintain optimal engine performance.

Features:

We Are Proud of Our Oil Control Valve

Our oil control valve (OCV) is designed to precisely control oil flow and regulate oil pressure to engine components, providing accurate adjustments and ensuring reliable lubrication and performance. With its robust construction and superior materials, it is built to withstand the rigors of engine operation and provide long-lasting performance. In addition, it is designed as a direct fit replacement for your vehicle's original equipment and is engineered to match with your vehicle's make, model, and engine, making for an easy installation process.

Applications:

Oil Control Valves are built to provide reliable performance in a wide range of oil control applications. It offers the highest quality and performance in oil flow control and pressure regulation, making it the ideal choice for oil flow control needs. This valve is designed to provide precise control of oil flow, pressure, and temperature. It has a temperature range of -20°C to +120°C, allowing for safe operation in a wide range of applications. The valve is also highly reliable with its 24 months warranty, giving you the confidence and peace of mind that your investment is protected. This valve is also easy to install and maintain with its packaging designed according to customer's requirements. Finally, it is suitable for engine capacities of 2.0/2.4, making it a great choice for oil control applications.

Oil Control Valves are a perfect choice for oil flow controller, oil flow regulator, oil pressure controller, and oil pressure regulator applications. With its precise control and reliable performance, it is sure to provide you with the best results. Its temperature range and packaging make it ideal for a wide range of applications.

Support and Services:

Technical Support and Service for Oil Control Valves

We provide comprehensive technical support and services for our Oil Control Valves products. Our services include:

Installation, commissioning, and maintenance services

Remote troubleshooting and technical support

Spare parts and repair services

Software and firmware upgrades

Field testing and calibration services

We offer these services to ensure that your Oil Control Valves products are running at their peak performance and are backed up by our team of experienced technicians.

FAQ:

1. Who are we?

We are based in Guangzhou, China, start from 2018, we are specializing in all kinds of spare parts for Japanese cars and Korean cars, for example, engine parts, suspension parts, electric parts, steering parts, transmission parts, body parts. . .

2. How can we guarantee quality?

Always a pre-production sample before mass production;
Always final inspection before shipment.

3. Why should you buy from us from other suppliers?

We have experience in spare parts for more than 10+years
