

OCV Valve 243553C200 24355-3C200 VVT Oil Pressure Regulation

Our Product Introduction

For more products please visit us on automobile-sparepart.com

Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: 24355-3C200
- Minimum Order Quantity: 10 PCS
- Price: \$4.85 ~ \$5.87
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box , Standard tray
- Delivery Time: 3~30 work days
- Payment Terms: D/P, L/C, T/T
- Supply Ability: 1000 pcs per day

Product Specification

- Packaging: According To Customers' Requirements
- Material: Metal + Plastic
- Engine Capacity: 2.0/2.4
- Temperature Range: -20°C To +120°C
- Warranty: 24 Months
- Application: For Hyundai
- Valve Type: Oil Control Valves
- Highlight: 243553C200, 24355-3C200

Product Description

243553C200 24355-3C200 VVT Oil Control Valve for 2011-2014 Hyundai Santa Fe Tucson Optima

Product Description:

The Oil Control Valve, or OCV, is an extremely essential part of any vehicle's engine.

It works to control the amount of oil that flows to each of its components; this process is generally regulated via the engine management system. By regulating the amount of oil going through the system, the OCV plays an integral role in keeping the oil pressure and timing of the engine at an optimal level.

In short, the OCV ultimately affects the overall performance and efficacy of a vehicle engine.

Features:

Oil Flow Regulation

Our oil control valve is designed to precisely control the flow of oil to various engine components. With accurate oil flow adjustment, it ensures proper lubrication and performance of the engine's vital parts.

Oil Pressure Regulation

Our OCV also helps to maintain proper oil pressure in engines with variable oil pressure systems. It finely regulates the oil flow to maintain consistent and optimal oil pressure, and this is essential for proper lubrication, cooling and protection of engine components.

Durable Construction

For maximum engine performance, our OCV features a robust housing and high-quality internal components that provide durability, effective anti-corrosion protection, and long-lasting performance.

Compatibility and Easy Installation

Our OCV is compatible with your vehicle's original equipment and designed as a direct fit replacement. Carefully engineered to match the precise specifications and mounting points of your vehicle's make, model, and engine, it ensures a smooth and straightforward installation procedure.

Support and Services:

Oil Control Valves

Technical Support and Services

We offer comprehensive technical support and services for our Oil Control Valves. Our team of experienced professionals is available to answer any questions you may have about installation, operation, troubleshooting, and maintenance. We also provide personalized assistance in selecting the right valve for your unique application.

In addition to our technical support and services, we provide comprehensive warranty coverage for our products. Our standard warranty covers all parts and labor for up to two years. We also offer extended warranties for up to five years.

For more information about our Oil Control Valves and the technical support and services we offer, please contact us today.

FAQ:

1. Who are we?

We are based in Guangzhou, China, start from 2018, we are specilizing in all kinds of spare parts for Japanese cars and Korean cars, for example, engine parts, suspension parts,electric parts, steering parts,transmission parts, body parts. . .

2. How can we guarantee quality?

Always a pre-production sample before mass production;

Always final inspection before shipment.

3. Why should you buy from us from other suppliers?

We have experience in spare parts for more than 10+years
