## Auto Fuel Injector Nozzle OEM 35310-2B020 For Internal Combustion Engines

Our Product Introduction

For more products please visit us on [automobile-sparepart.com](http://automobile-sparepart.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: 35310-2B020
- Minimum Order Quantity: 10 PCS
- Price: \$2.57 ~ \$3.58
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box , Standard tray
- Delivery Time: 3~30 work days
- Payment Terms: D/P, L/C, T/T
- Supply Ability: 1000000 pcs per month

### Product Specification

- Product Name: Fuel Injector Nozzle
- Package: Any Color Box As Customers' Requirement
- Warranty: 24 Months
- Size: Standard
- Car Make: For Hyundai
- Quality: 100% Tested
- Highlight: **Auto Fuel Injector Nozzle,  
Fuel Injector Nozzle OEM, 35310-2B020**

## Product Description

35310-2B020 Fuel Injector Nozzle 353102B020

### Product Description:

The *injector nozzle*, also known as a fuel injector nozzle, is an essential part of a fuel injection system for internal combustion engines. The primary responsibility of this item is to offer pressurized fuel into the combustion chamber in an exact and steady way. Moreover, the injector nozzle has a major role in the engine's performance, fuel efficiency, and exhaust control.

### Features:

Superior Fuel Atomization

Our injector nozzle offers an efficient fuel atomization process, breaking down the fuel into a fine mist or spray. This promotes a thorough mix with the incoming air for improved combustion efficiency, power output, and fuel economy.

Precise Fuel Flow Control

Our injector nozzle has precise control over the fuel flow rate, allowing the correct amount of fuel to be delivered based on the engine's operating conditions. This maintains the optimal air-fuel ratio for optimal combustion, resulting in maximum engine performance and minimized emissions.

Optimized Spray Pattern and Angle

The design of our injector nozzle ensures an optimized spray pattern and angle, which improves fuel distribution and mixing within the combustion chamber. This enhances combustion stability, reduces the risk of fuel impingement on cylinder walls, and ensures efficient fuel utilization.

Durable and Resilient Construction

Our injector nozzle is designed to endure the challenging engine environments. It is made from high-grade materials, such as stainless steel or composite materials, for superior durability, potential resistance to wear, corrosion, and clogging.

Precise Engineering and Calibration

Our injector nozzle is engineered and calibrated to exact specifications of your engine. Flow rates, spray characteristics, and fuel atomization are specifically accounted for to guarantee reliable fuel delivery and combustion efficiency.

Compatibility and Ease of Installation

Our injector nozzle is compatible with a wide range of vehicle makes and models. It is also an exact replacement of your original injector nozzle, allowing for a stress-free installation process and compatible integration into your fuel injection system.

### Support and Services:

Fuel Injector Nozzle Technical Support and Service

We provide comprehensive technical support and service for our Fuel Injector Nozzle product. Our dedicated team of experts are available to answer any of your technical questions. From installation and troubleshooting to maintenance and repairs, we are here to help.

We offer a range of services, including:

**Expert installation and setup advice**

**Comprehensive troubleshooting and repair services**

**Regular maintenance and inspection services**

**Replacement parts and components**

Our team of experts is standing by to provide you with the highest quality technical support and service for your Fuel Injector Nozzle. Contact us today to get started.

### FAQ:

#### 1. Who are we?

We are based in Guangzhou, China, start from 2018, we are specializing in all kinds of spare parts for Japanese cars and Korean cars, for example, engine parts, suspension parts, electric parts, steering parts, transmission parts, body parts. . .

#### 2. How can we guarantee quality?

Always a pre-production sample before mass production;

Always final inspection before shipment.

#### 3. Why should you buy from us from other suppliers?

We have experience in spare parts for more than 10+years

**A large of stock**

**Professional export company**

**Accept small order**

**We can design anything well according to customers' requirement**
