

## Car Tie Rod End Part 56820-2J000 With Precise Steering Control

Our Product Introduction

For more products please visit us on [automobile-sparepart.com](http://automobile-sparepart.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: 56820-2J000
- Minimum Order Quantity: 100 SETS
- Price: \$2.57~3.57
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box , Standard tray
- Delivery Time: 3~30 work days
- Payment Terms: D/P, L/C, T/T
- Supply Ability: 50000 pcs per month

### Product Specification

- Product Name: Tie Rod End
- Quality: 100% Tested
- Packing: Poly Bag With Carton, After Pallet
- Car Make: For Hyundai Kia
- Warranty: 12 Months
- OEM: 56820-2J000
- Highlight: Car Tie Rod End, Tie Rod End Part, 56820-2J000

## Product Description

56820-2J000 Tie Rod End Fit For SONATA Optima

### Product Description:

A **tie rod end** is an important part of a car's steering system. It is placed at the outer sides of the tie rod and its task is to connect the steering linkage with the steering knuckle or spindle. The tie rod end plays a significant role in the steering control and stability by providing smooth and accurate steering motions.

### Features:

Superior Construction

Our tie rod end is crafted with high-grade materials like forged or cast steel to stand up to daily use and wear and tear. It has been designed for long-lasting resilience against corrosion and impact.

Precise Steering Control

The tie rod end connects the steering wheel to the steering knuckle, transmitting the driver's action to give smoother steering movements. Fitted with a closely-measured ball joint or bushing mechanism, our tie rod end allows for an accurate and superior steering control. Ball Joint or Bushing Design

Depending on the vehicle specifications, our tie rod end can be bought as either a ball joint or bushing design. Ball joint tie rod ends give articulation with rotative motion, while the bushing style provides flexibility and vibration reductions.

Easy Installation

Our tie rod end is built for ease of installation and convenience. A full package of tools and a guide book is included with the tie rod end, making it suitable for both mechanics and DIYers.

### Support and Services:

Tie Rod End Technical Support and Service

We offer technical support and service for our Tie Rod End products. Our knowledgeable staff is available to answer any of your questions regarding product information, installation, repairs, and maintenance.

Our technical support team is always on hand to address any issues you may have with our Tie Rod End products. Whether you need help troubleshooting a problem or you need assistance with installation, our team is here to help.
