Mounted Car Tie Rod End Parts 56820-2K000 Fit For SONATA Optima

Our Product Introduction

For more products please visit us on automobile-sparepart.com

Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: 56820-2K000
- Minimum Order Quantity: 100 SETS
- Price: \$2.57~3.57
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box , Standard tray
- Delivery Time: 3~30 work days
- Payment Terms: D/P, L/C, T/T
- Supply Ability: 50000 pcs per month

Product Specification

- Product Name: Tie Rod End
- Packing: Poly Bag With Carton, After Pallet
- Quality: 100% Tested
- Car Make: For Hyundai Kia
- Warranty: 12 Months
- Highlight: **Mounted Car Tie Rod End,
Car Tie Rod End Parts, 56820-2K000**

Product Description

56820-2K000 Tie rod end fit for SONATA Optima

Product Description:

The tie rod end is an essential part of a vehicle's steering system. It is mounted at the outer edge of the tie rod and functions to link the steering linkage to the steering knuckle or spindle.

This part is indispensable in terms of driving control and stability, offering a reliable steering response when the wheel is turned. Smooth and precise steering operations are also made possible due to the tie rod end.

Features:

Our tie rod end is manufactured using high-quality materials, like forged and cast steel, to deliver maximum strength and secure daily driving. It is built to withstand wear, impact, and corrosion for long-term use.

The tie rod end connects the steering linkage to the steering knuckle, allowing the driver to control the vehicle efficiently. Its precise mechanism ensures smooth and precise steering movement. The driver can choose between either a ball joint or bushing design depending on the vehicle's specifications. Ball joint tie rod ends offer both articulation and rotation while bushing-style tie rod ends provide flexibility and vibration dampening.

In addition, our tie rod end is designed for easy installation. It comes with all the required hardware and instruments, making installing simple for both professional mechanics and DIY enthusiasts.

Support and Services:

Tie Rod End Technical Support and Services

We offer technical support and services for our Tie Rod End products, which are designed to provide a reliable and cost-effective solution for vehicles with suspension systems. Our team of experts is available to answer questions regarding installation and maintenance of our Tie Rod End products, as well as provide advice for any potential problems that may arise.

We provide complete product documentation and manuals for our Tie Rod End products, which can be accessed online or downloaded for reference. Our technical support team is available to provide assistance and troubleshooting support for any issues that may arise with the installation or use of our products.

We also offer a warranty for our Tie Rod End products, which covers any defects in materials or workmanship for a period of one year from the date of purchase. If any product fails to meet our quality standards or fails to perform as expected during normal use, we will repair or replace the product free of charge.
