Car Oil Control Valves Anti Corrosion 24355-2E000 243552E000

Our Product Introduction

For more products please visit us on automobile-sparepart.com

Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: 24355-2E000
- Minimum Order Quantity: 10 PCS
- Price: \$4.85 ~ \$5.87
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box , Standard tray
- Delivery Time: 3~30 work days
- Payment Terms: D/P, L/C, T/T
- Supply Ability: 1000 pcs per day

Product Specification

- Valve Type: Oil Control Valves
- Material: Metal + Plastic
- Packaging: According To Customers' Requirements
- Warranty: 24 Months
- Application: For Hyundai
- Engine Capacity: 2.0/2.4
- Temperature Range: -20°C To +120°C
- Highlight: Car Oil Control Valves,
Oil Control Valves Anti Corrosion, 24355-2E000

Product Description

24355-2E000 243552E000 VVT Oil Control Valve for 2011-2014 Hyundai Santa Fe Tucson Optima

Product Description:

The Oil Control Valve (OCV) is an indispensable component of any car's engine.

It is responsible for regulating the oil flow to the different parts of the engine, usually through the engine management system. By controlling the amount of oil circulated around the system, the OCV ensures that the oil pressure and engine timing remain at the ideal level, improving engine performance and efficiency.

To put it succinctly, the OCV has a major influence on the functioning of a vehicle's engine.

Features:

Oil Flow Regulation

Our oil control valve offers unmatched precision to regulate the flow of oil to the engine's components. It ensures that each of these parts receives the exact amount of oil it needs for optimized performance and lubrication.

Oil Pressure Regulation

Our OCV also enables engines with variable oil pressure systems to maintain steady oil pressure. This is critical for the cooling, lubrication, and protection of engine components.

Durable Construction

Our OCV is crafted with a high-quality housing and internal components to give it added durability. This ensures effective anti-corrosion protection and reduces wear-and-tear for optimal engine performance.

Compatibility and Easy Installation

Compatible with your vehicle's original equipment, our OCV is designed as a direct fit replacement. Created to match the exact specifications of your vehicle, it can be also be quickly and easily installed.

Support and Services:

Oil Control Valves Technical Support and Service

We offer technical support and service to ensure our Oil Control Valves are running at peak performance. Our technical support team is available to answer questions, provide troubleshooting recommendations, and walk you through installation or repair procedures.

Our experts can provide technical advice on selection, applications, and design of Oil Control Valves. We also provide on-site calibration and repair services. Our service technicians are factory-trained and equipped with the necessary tools and parts to ensure your Oil Control Valves are functioning properly.

We also offer preventative maintenance programs. Our service technicians can inspect and repair valves to extend their life and reduce the risk of malfunction. We are committed to providing quality technical support and service to ensure your Oil Control Valves are running smoothly.

FAQ:

1. Who are we?

We are based in Guangzhou, China, start from 2018, we are specilizing in all kinds of spare parts for Japanese cars and Korean cars, for example, engine parts, suspension parts,electric parts, steering parts,transmission parts, body parts. . .

2. How can we guarantee quality?

Always a pre-production sample before mass production;

Always final inspection before shipment.

3. Why should you buy from us from other suppliers?

We have experience in spare parts for more than 10+years
