

OEM 96143939 Car Engine Thermostat Custom Spare Parts 24 Months Warranty

Our Product Introduction

For more products please visit us on automobile-sparepart.com

Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: 96143939
- Minimum Order Quantity: 10 PCS
- Price: \$1.85 ~ \$2.86
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box , Standard tray
- Delivery Time: 3~30 work days
- Payment Terms: D/P, L/C, T/T
- Supply Ability: 50000 pcs per month

Product Specification

- Product Name: Thermostat
- Engine: 1.6 GDI 1.6 T-GDI 1.6 T-GDi All-wheel Drive
- Package: Any Color Box As Customers' Requirement
- Size: Standard
- Warranty: 24 Months
- Car Make: Hyundai Accent
- Quality: 100% Tested
- Highlight: Custom Car Engine Thermostat,
Car Engine Thermostat Spare Parts, 96143939

Product Description

OEM 96143939 Engine High quality Car engine parts thermostat for Hyundai Accent 1.6

Product Description:

The car engine thermostat is an essential part of the vehicle's cooling system. It is uniquely tailored for cars and has an imperative job to do; controlling the engine temperature.

It is built to keep the engine from working at temperatures that are either too high or too low, as these constitute a hindrance to the engine's performance.

The car engine thermostat thus plays an important role in keeping the engine running optimally.

Features:

Features of Our Thermostat

Our thermostat offers superior temperature regulation, precise temperature sensing, and efficient cooling system operation. Its durable construction and direct fit replacement design make it ideal for a wide range of vehicle makes and models.

Temperature regulation: Our thermostat effectively regulates your engine's temperature by controlling the flow of coolant through the cooling system. It opens and closes based on the engine's temperature, allowing coolant circulation when needed to maintain optimal operating conditions.

Reliable temperature sensing: Our thermostat is equipped with a high-quality temperature-sensitive element that accurately detects changes in engine temperature. This ensures precise control over the thermostat's opening and closing, providing reliable temperature regulation.

Efficient cooling system operation: By maintaining the engine within its optimal temperature range, our thermostat promotes efficient cooling system operation. This helps prevent overheating, reduces wear on engine components, and maximizes engine performance and longevity.

Durable construction: Our thermostat is built to withstand the demanding conditions of the engine environment. It features a robust housing and high-quality internal components, ensuring durability, resistance to corrosion, and longevity.

Direct fit replacement: Our thermostat is designed as a direct fit replacement for your original equipment. It is specifically engineered to meet or exceed the specifications of your vehicle's make, model, and engine, ensuring a hassle-free installation process.

Compatibility: Our thermostat is compatible with a wide range of vehicle makes and models. However, it is essential to cross-check the manufacturer's specifications and temperature requirements specific to your vehicle to ensure proper compatibility and optimal performance.

Support and Services:

Car Engine Thermostat provides technical support and services to ensure the best performance of the product. We promise to respond to inquiries within 24 hours and provide comprehensive technical support and guidance.

Our technical support team is available 24 hours a day, 7 days a week. We strive to provide customers with the most satisfactory technical support and service. Our support staff will help you identify any problems, answer questions, and provide solutions in a timely manner.

In addition, we offer free maintenance and troubleshooting services. Our technicians have the skills and experience to repair any faults in the product. We also offer free software updates and upgrades to ensure that your product is always up-to-date and functioning optimally. We value customer satisfaction and strive to provide the best service possible. If you have any questions or concerns, please do not hesitate to contact us.

FAQ:

1. Who are we?

We are based in Guangzhou, China, start from 2018, we are specializing in all kinds of spare parts for Japanese cars and Korean cars, for example, engine parts, suspension parts, electric parts, steering parts, transmission parts, body parts. . .

2. How can we guarantee quality?

Always a pre-production sample before mass production;
Always final inspection before shipment.

3. Why should you buy from us from other suppliers?

We have experience in spare parts for more than 10+years
