

Original Automobile Spare Parts OCV 15330-75010 Oil Control Valve

Our Product Introduction

For more products please visit us on automobile-sparepart.com

Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: 15330-75010
- Minimum Order Quantity: 10 PCS
- Price: \$4.85 ~ \$5.87
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box , Standard tray
- Delivery Time: 3~30 work days
- Payment Terms: D/P, L/C, T/T
- Supply Ability: 1000 pcs per day

Product Specification

- Valve Type: Oil Control Valves
- Application: For Hyundai
- Temperature Range: -20°C To +120°C
- Material: Metal + Plastic
- Warranty: 24 Months
- Packaging: According To Customers' Requirements
- Engine Capacity: 2.0/2.4
- Highlight: **Original Automobile Spare Parts,
Automobile Spare Parts OCV, 15330-75010**

Product Description

15330-75010 15330 75010 VVT Oil Control Valve for 2011-2014 Hyundai Santa Fe Tucson Optima

Product Description:

The Oil Control Valve (OCV) is an integral part of a vehicle's engine. It is designed to regulate the flow of oil to different engine components, thus providing a vital role in ensuring efficient engine performance.

The Oil Control Valve is controlled by an engine management system. This is done in order to keep the right pressure and timing of the oil for better engine performance.

Overall, the Oil Control Valve facilitates proper oil flow through the engine components and helps to maintain efficient engine performance.

Features:

Our Oil Control Valve (OCV) provides precise control for the flow of oil to different engine components, allowing for accurate adjustments to promote proper engine performance.

The OCV also contributes to maintaining consistent oil pressure in vehicles equipped with variable systems. This ensures optimal oil pressure, which is essential for keeping the engine components properly lubricated, cooled, and protected.

Constructed to be robust, our OCV is made with a durable housing and high-quality internal components that provide resistance to corrosion and long lasting performance.

Compatible with your vehicle's original equipment, the OCV is designed to match its specifications and mounting points, making installation an easy and hassle-free process.

Support and Services:

Technical Support and Service for Oil Control Valves

We provide comprehensive technical support and service for Oil Control Valves. Our service team is available 24/7 to assist you with installation, operation and maintenance of your product. We also provide regular maintenance services to ensure the product is running optimally.

We offer replacement parts and troubleshooting services should any issues arise. Our technical support staff is knowledgeable and experienced in the Oil Control Valve product line and will help you with any questions or concerns you may have.

We also provide training and consulting services to help you better understand the product and its applications. Our training programs are designed to help you understand the product, its features, and how to use it safely and effectively.

For any questions or inquiries, please feel free to contact us for more information.

FAQ:

1. Who are we?

We are based in Guangzhou, China, start from 2018, we are specilizing in all kinds of spare parts for Japanese cars and Korean cars, for example, engine parts, suspension parts,electric parts, steering parts,transmission parts, body parts. . .

2. How can we guarantee quality?

Always a pre-production sample before mass production;
Always final inspection before shipment.

3. Why should you buy from us from other suppliers?

We have experience in spare parts for more than 10+years
