Product Description

35310-37150 Fuel Injector Nozzle for Santa Fe 02-04 2.7L 35310 37150

Product Description:

The **Injector Nozzle**, often referred to as a **Fuel Injector Nozzle**, is an essential part of any Fuel Injection System in Internal Combustion Engines. Its main purpose is to accurately and properly deliver pressurized fuel into the combustion chamber. This nozzle is of utmost importance as it strongly affects the engine's performance, fuel economy, and emissions control.

Features:

Our injectorNozzle offers superior fuel atomization to promote efficient mixing with the incoming air. This results in improved combustion efficiency, power output, and fuel economy. Not only that, its precise control over the fuel flow rate delivers the correct amount of fuel according to the engine's operating conditions. The optimized spray pattern and angle facilitate optimal fuel distribution and mixing within the combustion chamber.

Our injector nozzle is made of high-quality materials, such as stainless steel or composite materials, for excellent durability. It is precisely engineered and calibrated to meet the engine's requirements, ensuring reliable fuel delivery and combustion efficiency. It is also designed to be compatible with a wide range of vehicle makes and models, making it an ideal direct fit replacement for your original injector nozzle.
