Vehicle Suspension Control Arm Forged 54501-1C000 For Hyundai Getz

Our Product Introduction

For more products please visit us on automobile-sparepart.com

Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: 54501-1C000
- Minimum Order Quantity: 20 PCS
- Price: USD12.85 ~ USD14.88
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box , Standard tray
- Delivery Time: 3~30 work days
- Payment Terms: D/P, L/C, T/T
- Supply Ability: 5000 pcs per month

Product Specification

- Product Name: Suspension Control Arm
- Car Make: For Hyundai
- Warranty: 12 Months
- Size: Standard
- Package: Poly Bag With Cartons, After Wooden Pallets
- OEM: 54501-1C000
- Highlight: **Vehicle Suspension Control Arm,
Suspension Control Arm Forged, 54501-1C000**

Product Description

54501-1C000 Suspension Control Arm for Hyundai Getz 54501 1C000

Product Description:

A **control arm**, also known as an **A-arm** or **wishbone**, is an important part of a vehicle's suspension system. It is responsible for connecting the suspension system components to the car frame and managing the wheel motion. Control arms are usually equipped on both the front and rear suspension systems of the vehicle, yet the structure and configuration may differ.

Features:

Our control arm is crafted from high-quality materials, such as forged or cast steel, aluminum, or composite materials, ensuring strength, durability, and resistance to wear and corrosion. It is built to withstand the demands of daily driving and various road conditions.

The control arm plays a crucial role in connecting the suspension components, such as the wheel hub assembly and steering knuckle, to the vehicle's chassis. It provides the necessary structural support and flexibility to control the motion of the wheels, maintaining proper alignment and enhancing handling and stability.

Our control arm helps maintain proper wheel alignment, ensuring even tire wear, optimal handling, and improved vehicle stability. It allows for controlled vertical movement of the wheels, providing enhanced traction and responsiveness during acceleration, braking, and cornering.

Our control arm is designed for straightforward installation, making it suitable for both professional mechanics. It is a direct fit replacement for your vehicle's original control arm, ensuring compatibility and a hassle-free installation process.

Our control arm undergoes rigorous testing and quality control measures to meet or exceed industry standards. It is manufactured by trusted suppliers who prioritize quality and performance, providing you with a reliable and durable product.

Support and Services:

We provide technical support and service for Suspension Control Arm. Our experienced technicians can assist you with installation, troubleshooting, and general maintenance of your Suspension Control Arm. We also offer a wide range of replacement parts to keep your Suspension Control Arm working properly. If you have any questions, concerns, or feedback, please don't hesitate to contact us. We are here to help!
