

## OEM 51712-1G000 Automobile Spare Parts Premium Brake Disc Chassis Parts

### Our Product Introduction

for more products please visit us on [automobile-sparepart.com](http://automobile-sparepart.com)

#### Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: 51712-1G000
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box , Standard tray
- Delivery Time: 3~30 work days
- Payment Terms: D/P, L/C, T/T

#### Product Specification

- Brand: NABO
- Country Of Origin: China
- Material: Steel
- Name: Automobile Spare Parts
- Type: Brake Disc Chassis Parts
- Model: 51712-1G000
- Highlight: OEM Automobile Spare Parts,  
Automobile Spare Parts Premium, 51712-1G000

## Product Description

51712-1G000 Auto Spare Parts Brake Disc Chassis Parts For Hyundai I20 RIO ACCENT 05 51712 1G000

### Product Description:

Introducing our high-performance Brake Disc, designed to provide reliable and efficient braking performance for your vehicle. Our brake disc is a crucial component of the braking system, engineered with precision and durability to ensure safe and effective stopping power.

### Features:

- 1. Premium Material:** Our brake disc is constructed from high-quality materials, such as cast iron or carbon composite, known for their excellent heat dissipation and resistance to wear. This ensures optimal performance and longevity, even under demanding driving conditions.
- 2. Precision Machining:** Each brake disc is precisely machined to strict tolerances, guaranteeing a smooth and flat surface. This precision machining reduces vibration, noise, and brake pedal pulsation, resulting in a consistent and comfortable braking experience.
- 3. Corrosion Resistance:** Our brake disc undergoes a corrosion-resistant coating or treatment process, protecting it from environmental elements and extending its lifespan. This ensures long-lasting functionality and an attractive appearance.
- 4. Perfect Fit and Compatibility:** Our brake disc is designed to meet or exceed OEM specifications, ensuring a perfect fit and compatibility with your vehicle's braking system. It is available in various sizes and configurations to accommodate different vehicle makes and models.
- 5. Easy Installation:** Installing our brake disc is a straightforward process, as it is designed to directly replace the original disc without any modifications. The package includes all necessary hardware and instructions for a hassle-free installation.
- 6. Performance and Safety:** Our brake disc is engineered to deliver exceptional braking performance and enhance safety on the road. With its reliable stopping power and consistent performance, you can have confidence in your vehicle's braking system, whether during everyday driving or more demanding situations.

### FAQ:

#### 1. Who are we?

We are based in Guangzhou, China, start from 2018, we are specializing in all kinds of spare parts for Japanese cars and Korean cars, for example, engine parts, suspension parts, electric parts, steering parts, transmission parts, body parts. . .

#### 2. How can we guarantee quality?

Always a pre-production sample before mass production;  
Always final inspection before shipment.

#### 3. Why should you buy from us from other suppliers?

We have experience in spare parts for more than 10+years  
A large of stock  
Professional export company  
Accept small order  
We can design anything well according to customers' requirement
