

OEM Car Engine Thermostat Parts 25500-2B000 For Hyundai Accent

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: 25500-2B000
- Minimum Order Quantity: 10 PCS
- Price: \$1.85 ~ \$2.86
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box , Standard tray
- Delivery Time: 3~30 work days
- Payment Terms: D/P, L/C, T/T
- Supply Ability: 50000 pcs per month

Product Specification

- Product Name: Thermostat
- Size: Standard
- Engine: 1.6 GDI 1.6 T-GDI 1.6 T-GDi All-wheel Drive
- Quality: 100% Tested
- Car Make: Hyundai Accent
- Package: Any Color Box As Customers' Requirement
- Warranty: 24 Months
- Highlight: **OEM Car Engine Thermostat,
Car Engine Thermostat Parts, 25500-2B000**

Product Description

25500-2B000 Engine High Quality Car Engine Parts Thermostat OEM 25500 2B000 For Hyundai Accent 1.6

Product Description:

The car engine thermostat is a critical component of the cooling system that helps regulate the engine's operating temperature. It is specifically designed for automotive applications and plays a crucial role in maintaining the engine within its optimal temperature range.

Features:

1. Temperature Regulation: Our thermostat effectively regulates your engine's temperature by controlling the flow of coolant through the cooling system. It opens and closes based on the engine's temperature, allowing coolant circulation when needed to maintain optimal operating conditions.

2. Reliable Temperature Sensing: Our thermostat is equipped with a high-quality temperature-sensitive element, that accurately detects changes in engine temperature. This ensures precise control over the thermostat's opening and closing, providing reliable temperature regulation.

3. Efficient Cooling System Operation: By maintaining the engine within its optimal temperature range, our thermostat promotes efficient cooling system operation. This helps prevent overheating, reduces wear on engine components, and maximizes engine performance and longevity.

4. Durable Construction: Our thermostat is built to withstand the demanding conditions of the engine environment. It features a robust housing and high-quality internal components, ensuring durability, resistance to corrosion, and longevity.

5. Direct Fit Replacement: Our thermostat is designed as a direct fit replacement for your original equipment. It is specifically engineered to meet or exceed the specifications of your vehicle's make, model, and engine, ensuring a hassle-free installation process.

6. Compatibility: Our thermostat is compatible with a wide range of vehicle makes and models. However, it is essential to cross-check the manufacturer's specifications and temperature requirements specific to your vehicle to ensure proper compatibility and optimal performance.

FAQ:

1. Who are we?

We are based in Guangzhou, China, start from 2018, we are specilizing in all kinds of spare parts for Japanese cars and Korean cars, for example, engine parts, suspension parts,electric parts, steering parts,transmission parts, body parts. . .

2. How can we guarantee quality?

Always a pre-production sample before mass production;
Always final inspection before shipment.

3. Why should you buy from us from other suppliers?

We have experience in spare parts for more than 10+years
A large of stock
Professional export company
Accept small order
We can design anything well according to customers' requirment
